PROFILE

French human interface designer, co-creator (with Louka Desroziers) of the 'Player Bar' pattern in music apps.

I'm a perfectionist with a high sensitivity to beautiful pixels and meaningful animations.

EXPERIENCE

UI/UX Designer at FINALCAD — 2016–Present

Creating user interfaces for every product of the company.

From sketches to final designs.

Also crafting various prototypes and specs.

UI/UX Designer/Developer in freelance — 2009–Present

Worked on personal projects and friends project such as a Workout application on iOS, an app to get the best recipes of the current season fruits & vegetables, a minesweeper on macOS...

Designer at Knowledge Corp — 2014

Created posters, business cards and produced user interfaces for FINALCAD 4.

UI/UX Designer at PixiApps — 2009–Present

Created everything from the User Interface to the company website.

Worked on both iOS and macOS versions of Ecoute and on other projects such as a vector design tool for macOS (Interface) or a calculator on iPad.

EDUCATION

French High School Diploma (Baccalauréat) — 2011

2 years technical degree in Computer Science — 2013

SKILLS

- Photoshop, Illustrator, Sketch, Affinity Designer
- Origami Studio, Kite Compositor, Framer, Principle, Flinto
- Zeplin, InVision
- Objective-C, Swift, JavaScript

HOBBIES

I love **programming**, I spend hours programming on my spare time. It has always been a passion of mine since my childhood. It's also a huge asset as it allows me to understand how my design will be implemented.

Fitness is also a big part of my life, I workout since 2013.

I'm also a huge addict of **movies** and **TV shows**.
